

## Date sheet : The Little Prince Forest

Data collected by _____	( <i>grade</i> ) _____
Date :	

### Tree and plant Heights

Measure the four tallest trees in your forest area

Tree species in English & Latin name	Height in centimetres
1.	
2.	
3.	
4.	

### Trees & plants Observation

Note down some details of flowering, buds and young shoots

Tree / plant species	Observation (flower, leaves/bud, fruit...)
1.	
2.	
3.	
4.	
5.	

## Biodiversity Observation

Note down details about the organisms observed: amphibians, insects, birds, invertebrates, mammals...

Types	Species name	Tally

## Water infiltration

Circle the corresponding soil observation

Moisture condition	Not leaving clumps of soil on your shoes	Leaving clumps of soil in your shoes	Soggy puddles that you need to jump over	Big areas underwater that you have trouble navigating
Description of the soil moisture	Dry	Wet	Saturated	Water is running off
Score	1	2	3	4

## Weather

Colour the rainy days in blue on the monthly calendar

1	2	3	4	5	6	7
8	9	10	11	12	13	14
15	16	17	18	19	20	21
22	23	24	25	26	27	28
29	30	31
